james wants a kiss...

James is standing near the window. It's almost dawn, they have been in the studio whole day, soon they'll head to the hotel. It's now or never. I have to make this count. Gotta to do it. If I don't, I'll spend the rest of the time wishing I'd grown a set and kissed him while I can. So, I gotta to do this. Now.

As i walk over him, and wrap my arms around him, he looks up and my mouth closes over his and he response. Our lips are pressed together and we both feel the yearn. After the kiss all i can think of is, "You are mine now", he responses only in chuckles, yes James, i am your's, indeed.
